

Wellness with

A photograph of four diverse young adults (three women and one man) smiling and looking towards the camera. They are positioned in front of a large, rounded green rectangle that serves as a background for the word 'purpose.'

purpose.

There is a lot of **bad**  online.

So we started releasing content that gave people **hope**  in 2019. (...and 5,000,000+ people started tuning in monthly!)

Now we're crafting **wellness products** that make you feel good  in 2025.

We're living in a toxic world.

83% Microplastics are now found in 83% of tap water and have been detected in 100% of human placentas tested.

97% PFAS ("forever chemicals") are present in 97% of Americans, linked to cancer, liver damage, hormone disruption, and infertility.

90% BPA, a known endocrine disruptor, shows up in over 90% of human urine samples, with stronger effects in children and pregnant women.

99% Air pollution now affects 99% of the global population and contributes to over 7 million premature deaths each year due to heart disease, stroke, and cancer.

This isn't fringe science—it's our new normal.

People are scared, confused, and hungry for trusted solutions.

We're stepping in with products designed to defend, detox, and nourish—powered by purpose and backed by science.

Phase 1 TOXIN-DEFENSE SUPPLEMENTS

PureDefense Gummies

Phosphatidylserine + NAC + Creatine + Caffeine

Empowering impact through our 501(c)(3).

Our Buy One, Feed One Promise

With every All Things Good product you buy, you provide a meal to someone in need.

We turn simple purchases into meaningful community support.

- Proceeds directly fund meals
- We partner with trusted non-profits
- We track and share our impact

Impact, at Scale

Our 501(c)(3) foundation guarantees maximum reach and transparent distribution.

- Local food banks get fresh produce
- School nutrition programs receive support
- Community gardens gain access

Strategic roadmap \$2B wellness brand.

Phase 1: Launch (Year 1-2)

- PureDefense Gummies for toxin defense
- \$20M revenue target via DTC, Amazon, select retail
- Establish mission-driven brand positioning

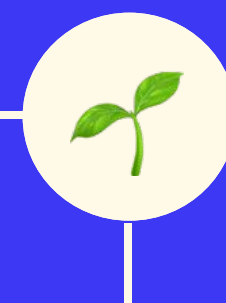

Phase 3: Household Staples (\$100M+)

- Non-toxic oils and clean condiments
- Paper and cleaning products
- Focus on high-frequency repeat purchases

Phase 2: Functional Foods (\$20M+)

- Gut-friendly cereals and snack bars
- Ready-to-eat bites for detox and clean energy
- Maintain science-backed, eco-conscious positioning

150-day launch plan starts now.

Day 1-60: Product Validation

- Test gummy concept and claims with audience
- Iterate formulations based on feedback
- Begin website development
- Initial co-packer and 3PL discussions

Day 90-150: Production & Launch

- Create marketing assets
- Begin production runs
- Launch website with pre-orders
- Align 3PL fulfillment processes

Day 60-90: Finalization

- Lock product formulations
- Complete e-commerce website
- Secure co-packer agreements
- Select 3PL fulfillment partner

Financial Projections

Year	Revenue	Subscribers	Gross Margin
1	\$2.5M	25,000	55%
2	\$12M	100,000	60%
3	\$25M	200,00	65%

Key Metrics

CAC

<\$30 (via organic social + referrals)

LTV
